## Report of Principal and School Improvement Council

India Hook Elementary is a school to watch in Rock Hill. We continue to meet AYP and again were received the Palmetto Gold award for both achievement and growth in student performance. Our teachers work diligently to provide help when students struggle instead of waiting for students to fail. We think this is the key to our success. Our teachers continue to fine tune their craft through book studies and other professional development opportunities as well as hosting beginning teachers through our partnership with Winthrop University's NetScope project. Last year, we welcomed 17 interns. We love having our interns present from the opening of school to the final day. We also value having so many extra teachers to assist students.

While our staff and families agree that academic success is important, we also see that physical health is equally important. Our school is known for the emphasis we place on healthy living. Our spring fundraising event, the Fun Run, is a culminating event celebrating months of emphasis on exercise and healthy eating. During these months, our parents, students, and teachers get involved through lunch and learn activities, spotlights on healthy living, activities that promote physical activity, and discussions with food service providers to learn more about food choices. Our run this year raised \$28,000. This money will provide shade structures on campus that will be used for both sporting events as well as outdoor learning spaces.

Our commitment to the lifelong health of our stakeholders has led to community support that we never dreamed possible! Earth Fare, a local grocer, has provided healthy food for special events throughout the year. Baxter's Bunch (a business owned and operated by a family in our school) has developed a program to help children, in our district and a neighboring district, tackle the problem of obesity by providing an afterschool program for kids that incorporates exercise, healthy eating, and parent education. Several teachers made natural connections and really took off with our environmental club. The club branched out into recycling and gardening. We now have a raised garden on site and are leading the way in our district with recycling, which has provided us the funds to reinvest in these efforts.

Other points of pride include our fine arts programs, technology innovations in classrooms, WatchDOG dads program, an unbelievable faith based partnership, and the unprecedented commitment to always improving by our teaching and support staff.

**ESEA/Federal Accountability Rating System**

In July 2012, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/eSEA/> or request this information from your child's district or school.

<b>Overall Weighted Points Total</b>	<b>99.8</b>
